How to use

Blow your nose to clean the nasal passages.

Gently shake the pump bottle and then remove the cover lid from the

tip of the pump bottle

Remove the safety clip just underneath the tip.

For first-time application, pump 2-3 times in the air.

Hold your breath for a moment, spray the nozzle and close 1 time into each the safety clip and cap. nostril and inhale lightly.

After use, clean

LUCA AICell, a bio platform company

LUCA AICell is a bio platform company with artificial cell membrane technology. With this technology, we are developing antiviral treatments and drug delivery systems and creating various applications using artificial cell membranes.

PREVENTION OF RESPIRATORY VIRAL INFECTIONS **LUCA V-Defense** nasal spray

MASK REPLACEMENT

RESPIRATORY VIRUS PREVENTION

ALLERGY PREVENTION

RELIEVE NASAL CONGESTION AND RHINITIS SYSPTOMS

How can it protect the nasal mucous?

It forms a physical antibacterial barrier on the nasal mucosa to prevent respiratory viruses (COVID-19, influenza, etc.) and allergens from penetrating into the nasal mucosa.

Use it in these situations!

Before and after visiting indoor and outdoor entertainment venues

When taking public transport (eg buses, trains, ferries)

When concerned about environments that might expose a person to respiratory viruses (eg. influenza virus (the flu) or the common cold)

When flying on aircraft (bottle is small enough to be allowed on board aircraft.)

Special Fearures of LUCA V-Defense nasal spray

Antiviral performance study result

Mahidol University, a Thai prefessional testing and certification agency, confirmed 99.7% sterilization performance within a minute as a result of an antiviral study.

Increased mucoal coating ability and antibacterial effect

The antibacterial lipid of LUCA AICell increases the coating time on the mucous membrane and enhances the antibacterial performance.

GO TO PRESS RELEAS

Contains natural lambda-carrageenan obtained by refining seawee

A study on the ingibitory effect of natural lambda-carrageenan on respiratory viruses.

Everyone's favorite refreshing menthol scent

LUCA V-Defense nasal spray has a gentle menthol scent, making it more pleasant and comfortable to use.
